

## SHUSWAP FALLS RV CLUB MEMBERSHIP LOT RESALES

The following lots are offered for sale by members of the Club who, for various reasons, wish to sell their membership. Some of these memberships were originally purchased as investments and now find themselves on the market. Membership re-sales are attractive for a potential buyer as the lots often are well developed with many improvements included in the price. When purchasing a re-sale, you will be dealing directly with the member listed. Some of these lots may be occupied, either by the member or by renters. If you feel you must enter the lot for a proper viewing, please introduce yourself to the occupants and ask their permission to have a quick look. Please respect their privacy.
